Buxton and District Cottage Hospital.

SEVENTEENTH ANNUAL REPORT.

To the Subscribers and Donors.

Ladies and Gentlemen,

The Executive Committee, in submitting the Report and Statement of Accounts for the year ending 31st December, 1928, regret the adverse balance of £275 2s. 7d. in the Maintenance Account. This, with the deficit of £449 for the previous year, shows the great need for increased financial support of the Hospital, the value of which becomes more and more apparent as the population of the district increases and motor accidents become more common in consequence of the congested road traffic.

The admissions exceeded last year's record by 54, making 462, the total since July, 1912, being 4,180. One hundred and ninety operations were performed, being 56 less than the previous year. A classified and detailed list of the cases treated will be found in the Report, together with particulars relating to the X-Ray Department.

Compared with 1927 there was a drop of £100 in Subscriptions and Donations per Secretary and Matron. There was, however, an increase of £4 in those per Collectors, despite the fact that several districts have remained uncollected through inability to obtain ladies to do the necessary work.

To the regret of his colleagues, Dr. J. E. Harburn, J.P., has resigned from the Executive Committee, but continues on the Visiting Staff, to which the name of Dr. L. C. Hill has been added.

As shown in the Balance Sheet, the second half of the late Mr. H. Holland's Legacy was received and invested in 5 per cent War Stock.

A sum of £1,000, free of legacy duty, was bequeathed to the Hospital under the will of the late Mr. Rowland Swann. Up to the present this has not been invested, but paid in the Bank to reduce the overdraft on the General Maintenance Account.

Many thanks are due to Mrs. E. L. Cox, Southcroft, who generously defrayed the total cost of a new Operating Table.

The separate Ward for Children, together with additional accommodation for the Hospital Staff, referred to in the 1927 Report, has been erected and will be ready for opening shortly.

A much needed Lodge for a resident Caretaker has also been built in the grounds at the entrance to the Hospital, the cost of which is included in the Extension Scheme.

The Committee regret that, towards the special appeal for £6,000 for the New Wing, only the sum of £2,645 13s. 5d. was received during 1928. They are very grateful for the numerous donations shown in the Report, and specially for the efforts made by voluntary helpers in many directions.

The Committee record their great appreciation of the efforts made by the local taxi-drivers during Well Dressing Week last June, when the handsome sum of £100 was raised for the Children's Ward Extension Fund, in addition to the gift of a cot.

The Committee thank Dr. Cochrane for compiling the analysis of admissions; Mr. W. Eccles Thompson, A.C.A., for again auditing the accounts, and the Medical and Surgical Consultants, the Radiologist, the Visiting Doctors, the Matron Nurses, and Administrative Staff for their services during the year.

They appreciate the continued support given by donors and subscribers, the work of the Collectors and all those who helped at the Forget-me-Not and Pound Day Effort on July 14th, when the sum of £122 18s. 7d. was received, besides many gifts in kind.

Many thanks are also due to Mrs. W. A. Milton for her services in connection with the Collecting Boxes.

Ladies have been appointed monthly by the House Committee to visit the Hospital.

A Form of Bequest of Legacy, which can be used by friends interested in the welfare of the Hospital, will be found at the end of the Report.

CHARLES A. BAILEY, Chairman.

ARTHUR J. POTTER, Vice-Chairman.

X-RAY DEPARTMENT.

To the Chairman and Committee of the Cottage Hospital.

The X-Ray Department of the Cottage Hospital continues to justify its existence and proves to be very valuable, not only to the inhabitants of Buxton, but of the surrounding district.

During the year ending December, 1928, 243 radiographs have been taken and 104 treatment radiations given.

Since the department was opened in the Spring of 1925, more than 900 radiographs have been taken, while the treatments number over 500.

The exposures made during 1928 may be classified as under:—

Skulls, including dentals, and cervical vertebrae ...	7
Shoulders, arms, hands	60
Hips, legs, feet	66
Chest	1
Barium meals	12
Renal tract	4
Screening to locate foreign bodies	4

I have made an audit of the books and accounts of the Buxton and District Cottage Hospital for the year ended 31st December, 1928.

I have obtained such information and explanations as I have required. Patients' Fees outstanding have been included at their book value of £400 6s. 11d., and subject to all these being realisable, the above Balance Sheet, in my opinion, shows a true and correct view of the position of affairs at 31st December, 1928.
